Continuation of Substance of Interview including description of the general nature of what was discussed: Applicants' counsel was contacted to discuss the proposed rejection of claims 1-23 under the judicially-created doctrine of obviousness-type double patenting over the claims of Lucarelli et al (U.S.P.N. 6,228,927), newly cited. Counsel proposes to submit a Terminal Disclaimer over the claims of this patent to prevent the re-opening of prosecution since that appears to be the only issue remaining concerning the patentability of the instant claims. .
